Qualico Office Fire Marshall: William Fulton/Derek Arnold / Mike Cole

Duties for Fire Wardens

1. Be familiar with all exit locations of the building and most importantly the nearest exits. Be familiar with your sweeping route in the event of an emergency.
2. Fire alarm pull station are located at East/West stairwell exit door across all levels. Additionally, fire extinguishers are strategically placed in various office areas and on every landing of the stairwells across all levels.
3. Immediately report fire odor or signs of smoke to the **Fire Marshalls** (Mike Cole or Derek Arnold)
4. Ensure that combustibles do not accumulate in your department.
5. Ensure that all of your department staff members leave the building in the event of an emergency and/or alarm activation and guide them to the muster point S.E. corner of the parking lot.
6. Report from the muster point to the **Fire Marshall** that the staff members for your respective work area have exited the building.
7. You will be informed at the muster point on the next step in regard to either re-entry of the building or other directions by the Fire Department or Properties in the event of a drill or an emergency evacuation.
8. In the event exits are blocked by fire or smoke; keep staff calm, go to a safe area and close the doors. Put jackets or sweaters under the door to prevent smoke accumulation. Stay low to the floor if the area fills up with smoke. If you are near a window signal the fire fighters by waving a bright colored object or call 911 from a cell phone and report where you are so that rescue can be performed.
9. Fire extinguishers may be used if it is safe to do so by all **Fire Wardens** to assist in the evacuation of your department.
